Says

**Thinks** 

increase the production

customer happiness

benefit a customer

it increases
the annual
income and
so,the
company is
benefied

time decrease to deliver the product

this will make this company to reach make customer

not to waste

taste
should be
good

if they rejects the delivery it should not be get wasted

if taste's
good then
most
customer
comes to us

prakash deepak deepika pushpa padma priya

spread the people to remote areas to increase the production

i have toincreasethe works

i feel it will
 increase
the annual
 income

i feel it makes the customers helps

i should give discounts to the product they are buying

provide the food, those who need it and get the cash

they have to get a good chief

i feel it
benefit a
customers
and company
get a good
name

i feel if we apply this there i will be no wastage of food

i feel it increase the customer number
